This is an 6-week course, Monday Thru Saturday. Hours will depend on Training Locations. Cost of this course for one student would be 4000.00 dollars, and you are responsible for your own room and food, and transportation. Our Trainers Courses on Hands On, We do not have you cleaning kennels, anyone can do that. We have you assigned to dogs to train in your Disciplines:

When you graduate you will receive a trainer's certificate, in each Field. Which is National Recongized. Here at Vom Kaiserhofe's we have over 50 years of experience Training Handlers and Students. We have over 700 Trained or Selection Tested dogs working in Law Enforcement and Private Security. When you attend our Trainers School we only allow five students at a time so you get the full focus of training you are purchasing. You can bring one dog with you when you attend our school. If you do not have a dog you may purchase a dog from us at 10 percent over our cost.

If we have not answered all of your questions please let us know.

Thank You For Inquiring about Vom Kaiserhofe's Training Center

Director of Training and Services
